IAPMO R&T Product Listing

This IAPMO R&T Listing is current as of March 7, 2021

File Number:

4571

Issued To:

CFI INDUSTRIES INC. DBA WINFIELD PRODUCTS

1280 E. 9th Street POMONA, CA , United States

Product:

Ceramic Plumbing Fixtures

Products are in compliance with the following code(s):

Uniform Plumbing Code (UPC®)

Products are in compliance with the following standard(s)

ASME A112.19.2-2018/CSA B45.1-18

IAPMO RESEARCH AND TESTING, INC.

CERTIFICATE OF LISTING

Issued To: CFI INDUSTRIES INC. DBA WINFIELD PRODUCTS

File Number: 4571

Product: Ceramic Plumbing Fixtures

This IAPMO R&T Listing is current as of March 7, 2021

Identification:

Ceramic Plumbing Fixtures shall be marked with the manufacturer's name or registered trademark, or in the case of private labeling, the name of the customer for whom the fixture was manufactured. Markings shall be permanent, legible, and visible after installation.

The model number of close-coupled water closets shall be marked on both the tank and the bowl.

Water closets and urinals shall be marked to identify the average water consumption, expressed in litres and gallons per flush. The litre or gallon value may be stated first, at the manufacturer's option.

Gravity flush tanks shall be marked with a water level mark or with the information necessary to determine the water level in the tank needed to deliver the intended flush volume. This mark shall be applied to the ceramic body of the tank, the tank liner, or the flush valve overflow tube. The vertical distance between the water level mark and the lowest point of the tank overflow channel shall not exceed 38 mm (1.5 in).

Water closet tanks shall have a label indicating at least the following:

- (a) the telephone number or contact information of a service department from which end-users can obtain replacement parts;
- (b) the serial or part number of the flush valve seal; and
- (c) information on procuring replacement parts for maintaining the original flush volume.

All packaging shall be marked with the manufacturer's name or registered trademark; or in case of private labeling, the name of the customer for whom the fixture was manufactured and the model number. Packaging for water closets and urinals shall be marked with the water consumption in gpf and Lpf.

Each fixture shall be marked with the UPC® certification mark. In the case where the tank and the bowl are sold separately, both shall have the certification mark.

Fixtures that require proprietary (i.e., non-standard) components, e.g., supply fittings, waste fittings, or water closet seats, shall indicate, in the packaging or the accompanying literature, that such components are provided by the manufacturer and shall identify the proper replacement parts.

Fixtures that do not comply with one or more of the dimensional requirements of this Standard shall be marked with an "N" to indicate the non-standard nature of the fixture.

Characteristics:

Ceramic plumbing fixtures may include water closets, lavatories, urinals, bidets, service sinks and drinking fountains. To be installed in accordance with the manufacturer's instructions and the latest edition of the Uniform Plumbing Code.

Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.

Vitreous China Lavatories

Model Number	Description
L1916	Under Counter, 1 Outlet Punching, 19" x 16"
L1919	Self-Rimming, Drop-in, Round, 3 Punching for Centerset Supply Fittings, 1 Outlet Punching 19" x 19"
L2017	Self-Rimming, Drop-in, Oval, 3 Punching for Centerset Supply Fittings, 1 Outlet Punching, 20" x 17"
K02-2017	Counter top vessel, single hole for supply fittings, with overflow hole 20 1/2" x 17" x 6"
K03-S1818	Counter top vessel, square, single hole for supply fittings, with overflow hole 18 1/4" x 6 1/2"
K07-2113	Counter top vessel, no hole for supply fittings, with overflow hole 21 1/4" x 13" x 6"
K11-2018	Semi-recess rectangular, single hole supply fittings, with overflow hole 20" x 18"
K40-R1919	Counter top vessel, round, single hole for supply fittings, with overflow hole 19 3/4" x 5 3/4"
LU1714	Under counter lavatory, no hole for supply fittings, with overflow hole 17" x 14"
LU1815	Under counter lavatory, no hole for supply fittings, with overflow hole 18" x 15"
LU2014KS	Under counter lavatory, no hole for supply fittings, with overflow hole 21" x 15" x 8"
LU2015	Under counter lavatory, no hole for supply fittings, with overflow hole 20" x 15"
L181525	Counter top lavatory, Victorian style, no hole supply fittings, with overflow tube 18" x 15"
